

2022

ANNUAL REPORT

October 1, 2021-September 30, 2022

MISSION

To improve the health of women and infants

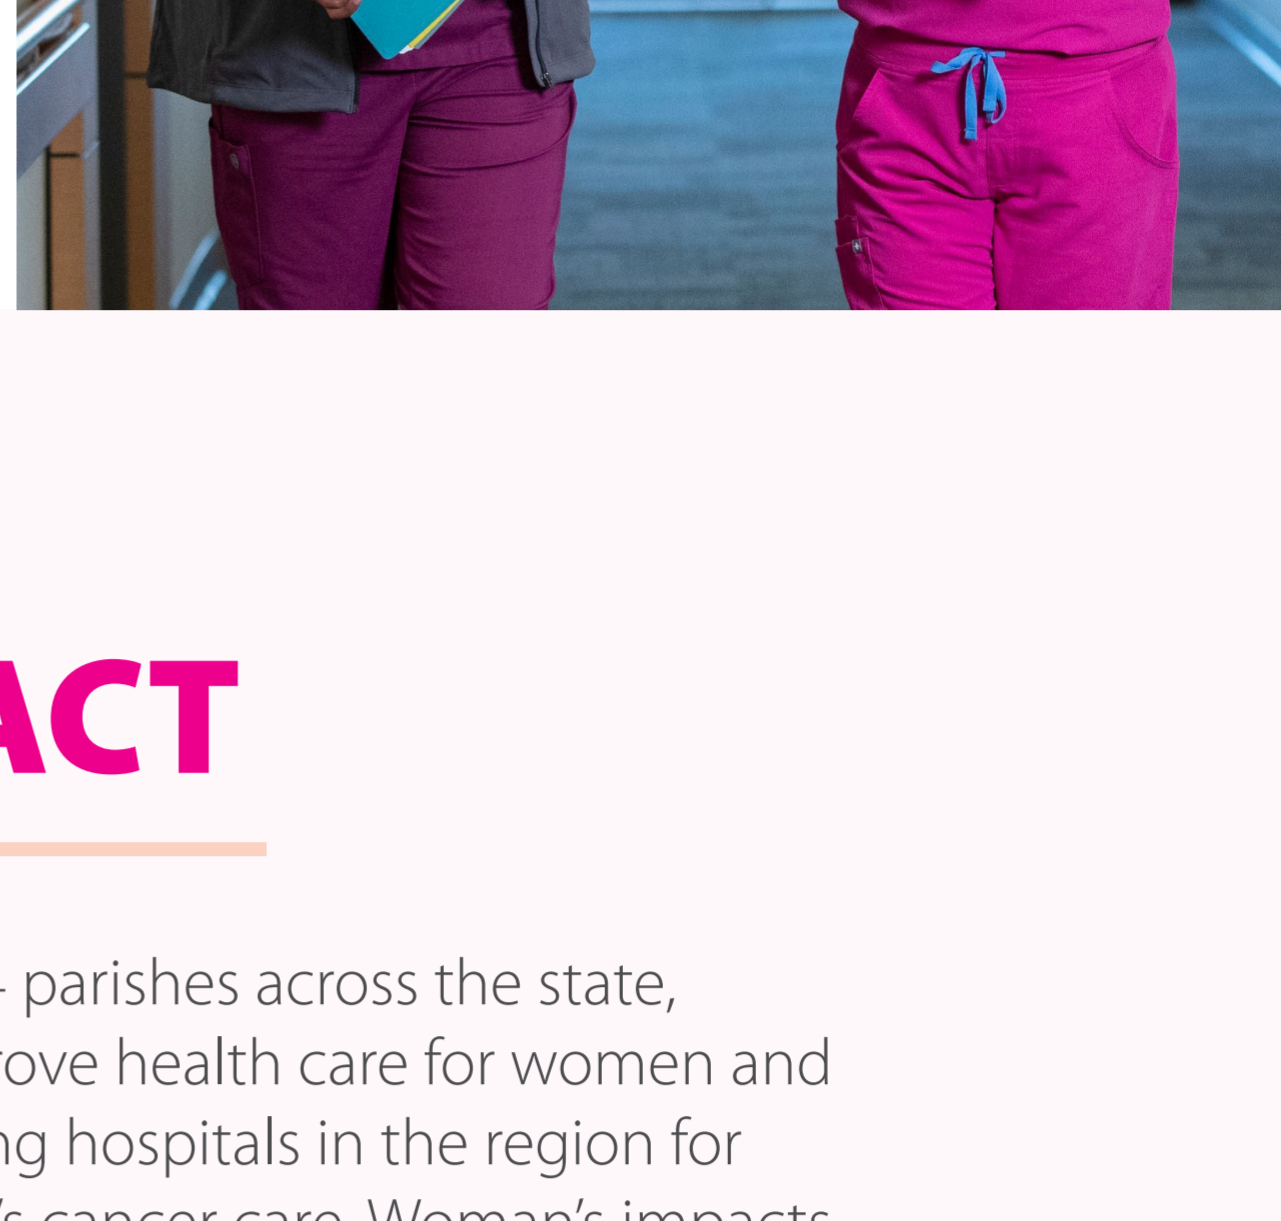

VISION

Woman's will be the provider of choice for women's healthcare.

VALUES

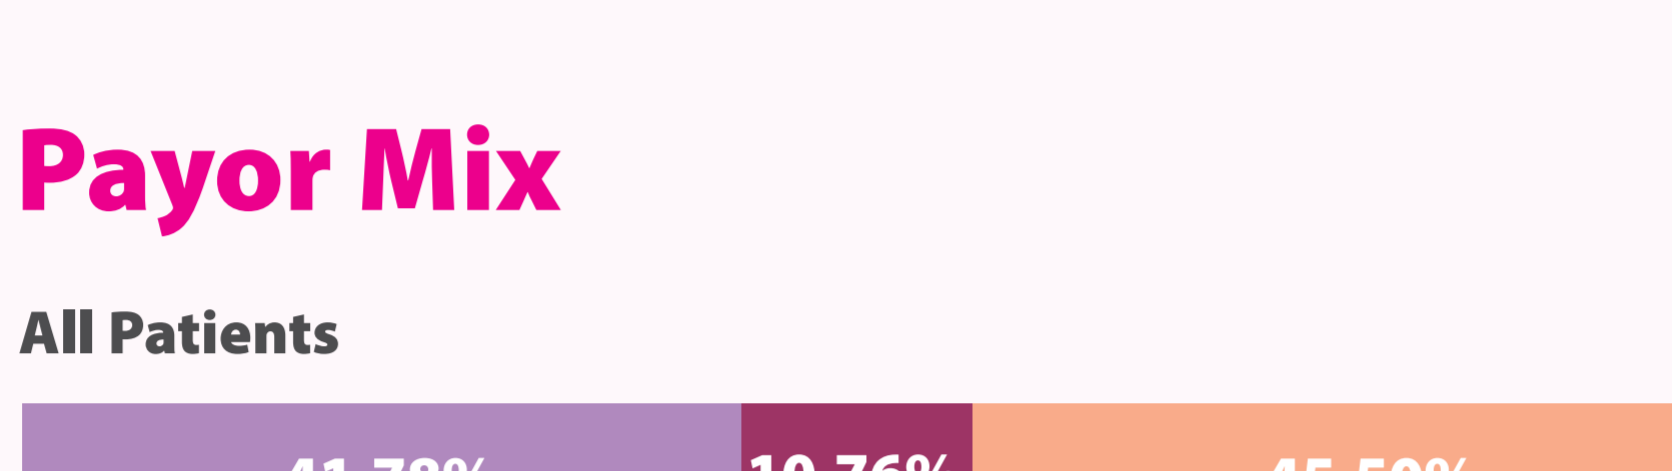

- Respect
- Innovation
- Compassion
- Excellence

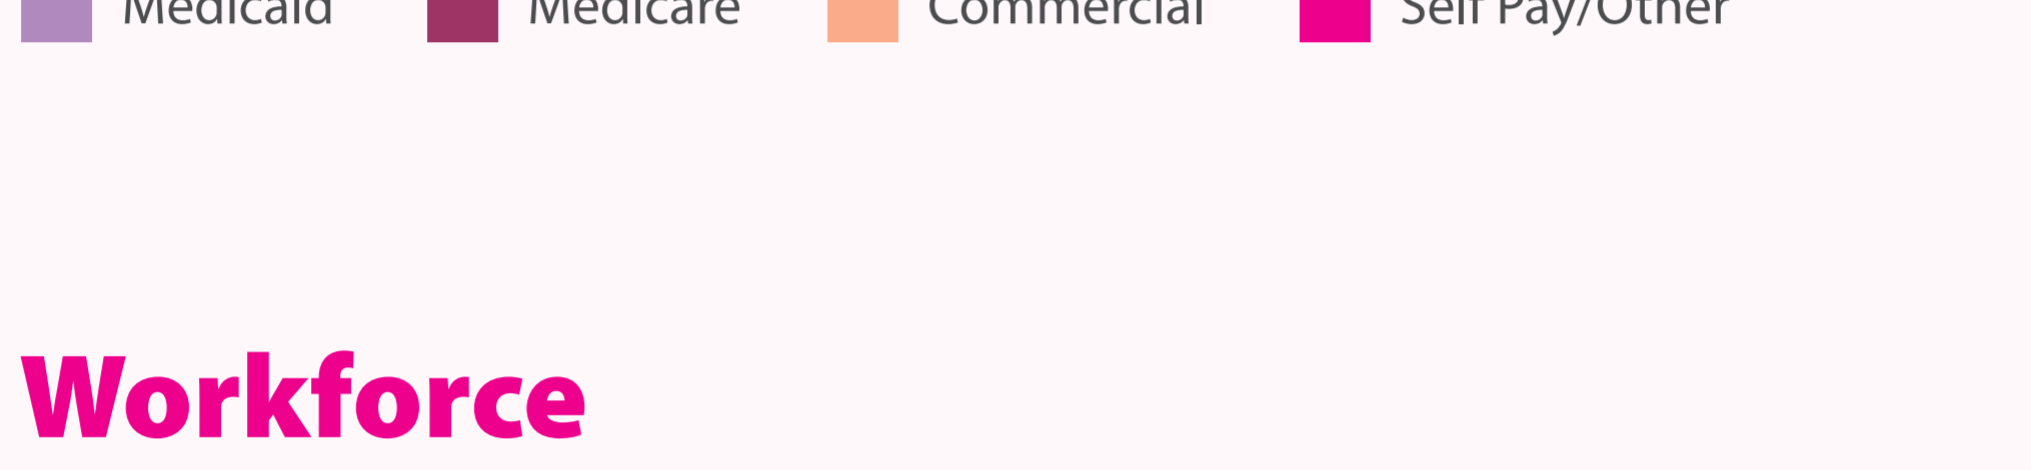

IMPACT

Woman's served patients in 63 of the 64 parishes across the state, constantly working to expand and improve health care for women and infants in Louisiana. As one of the leading hospitals in the region for maternal and infant health and women's cancer care, Woman's impacts patients well beyond the greater Baton Rouge area.

Patient Care

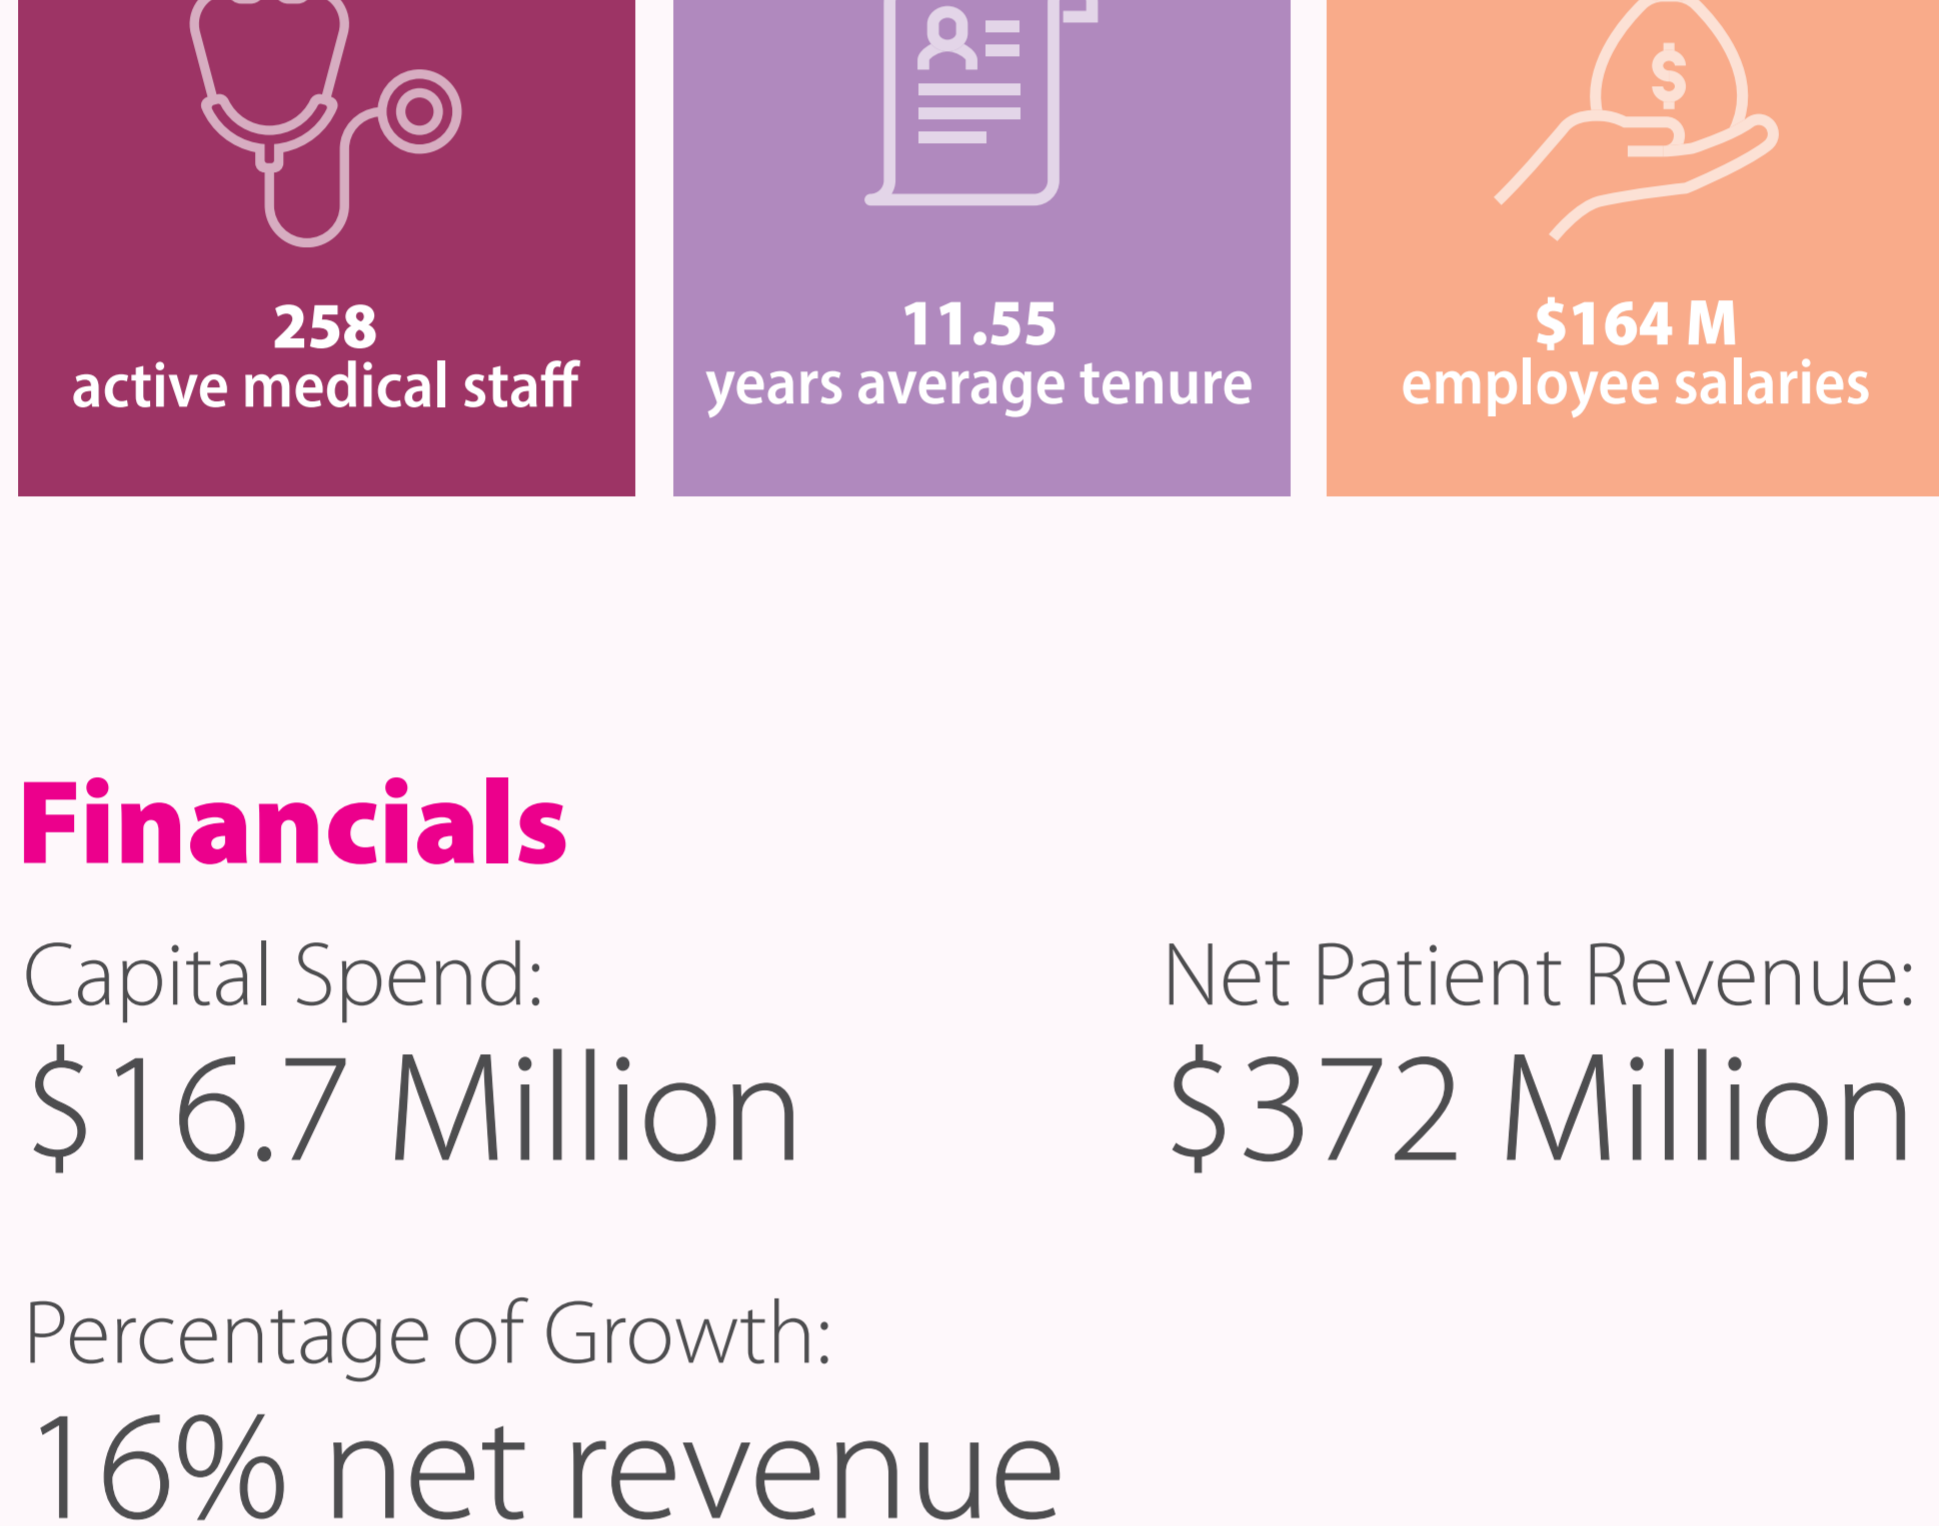

Payor Mix

■ Medicaid
 ■ Medicare
 ■ Commercial
 ■ Self Pay/Other

Workforce

Financials

Capital Spend: \$16.7 Million

Net Patient Revenue: \$372 Million

Percentage of Growth: 16% net revenue growth over prior year

Medicaid Utilization

increase in total inpatient over 5 years

increase in NICU over 5 years

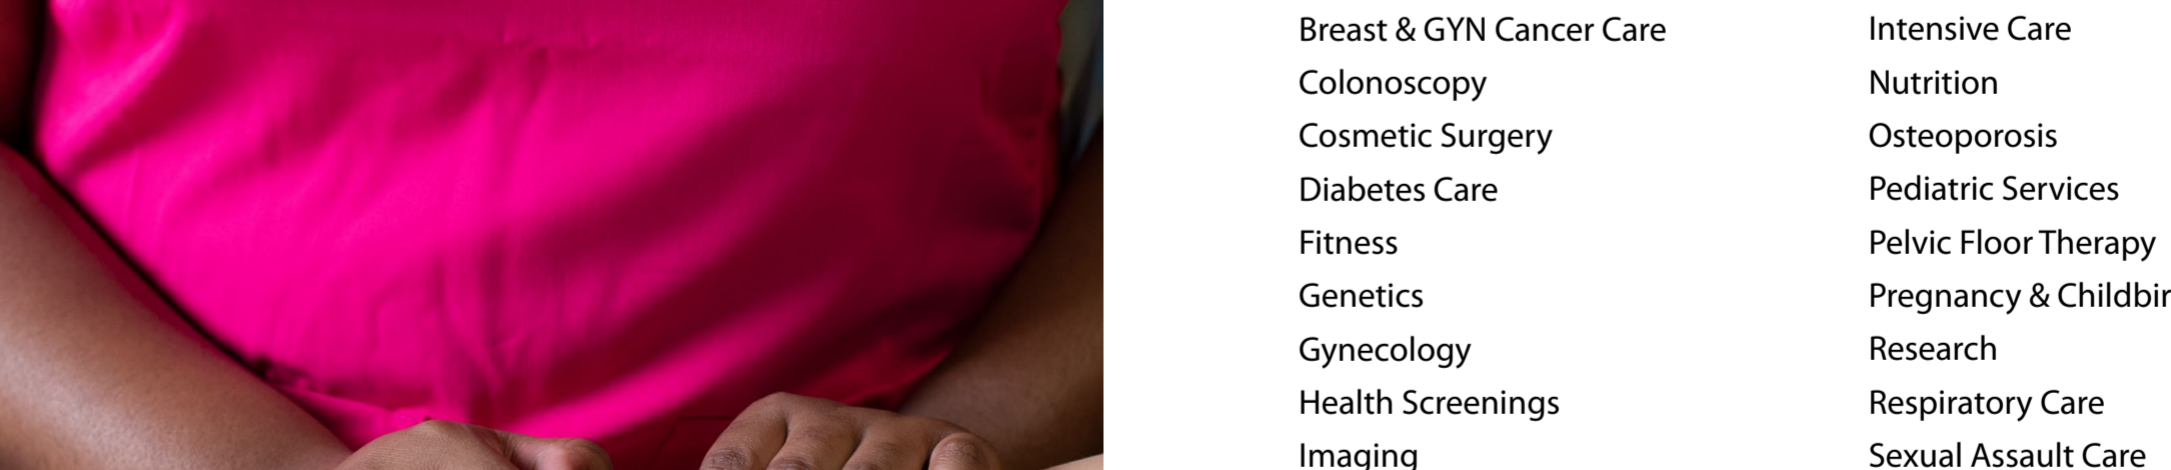

Philanthropy

More than \$1.8 million raised

Donors Made a Difference

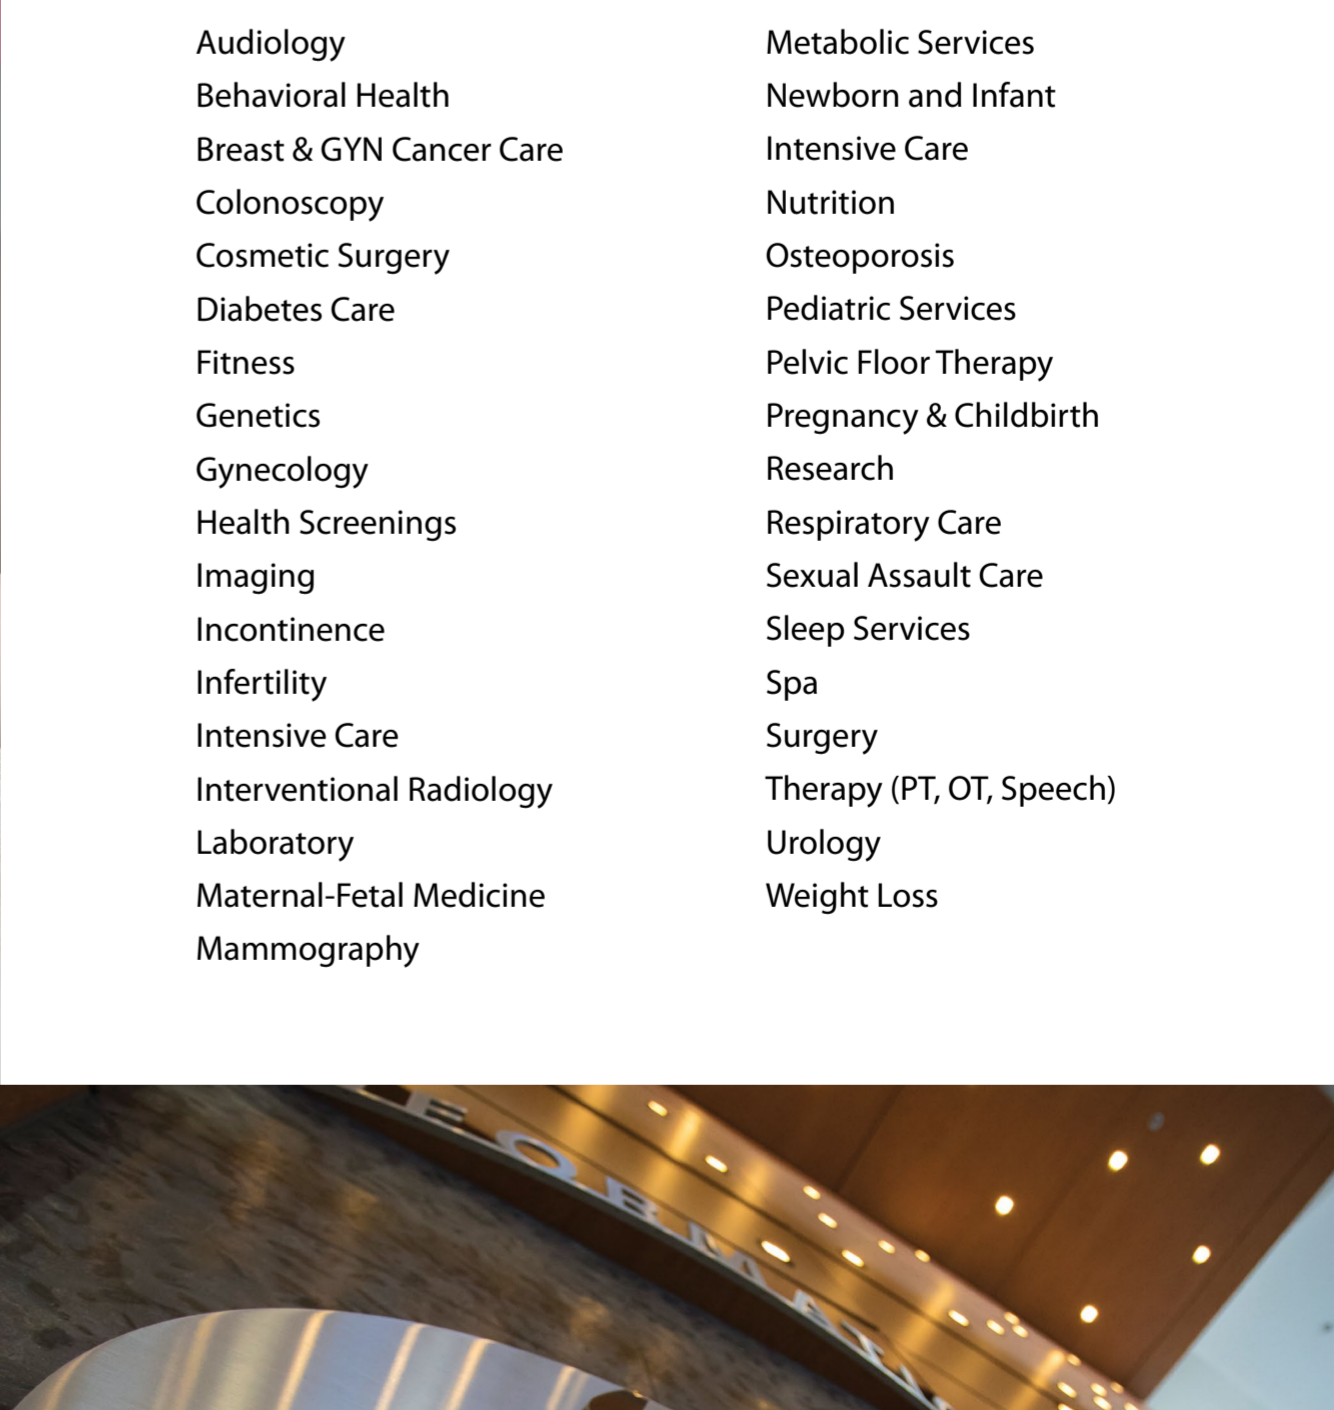

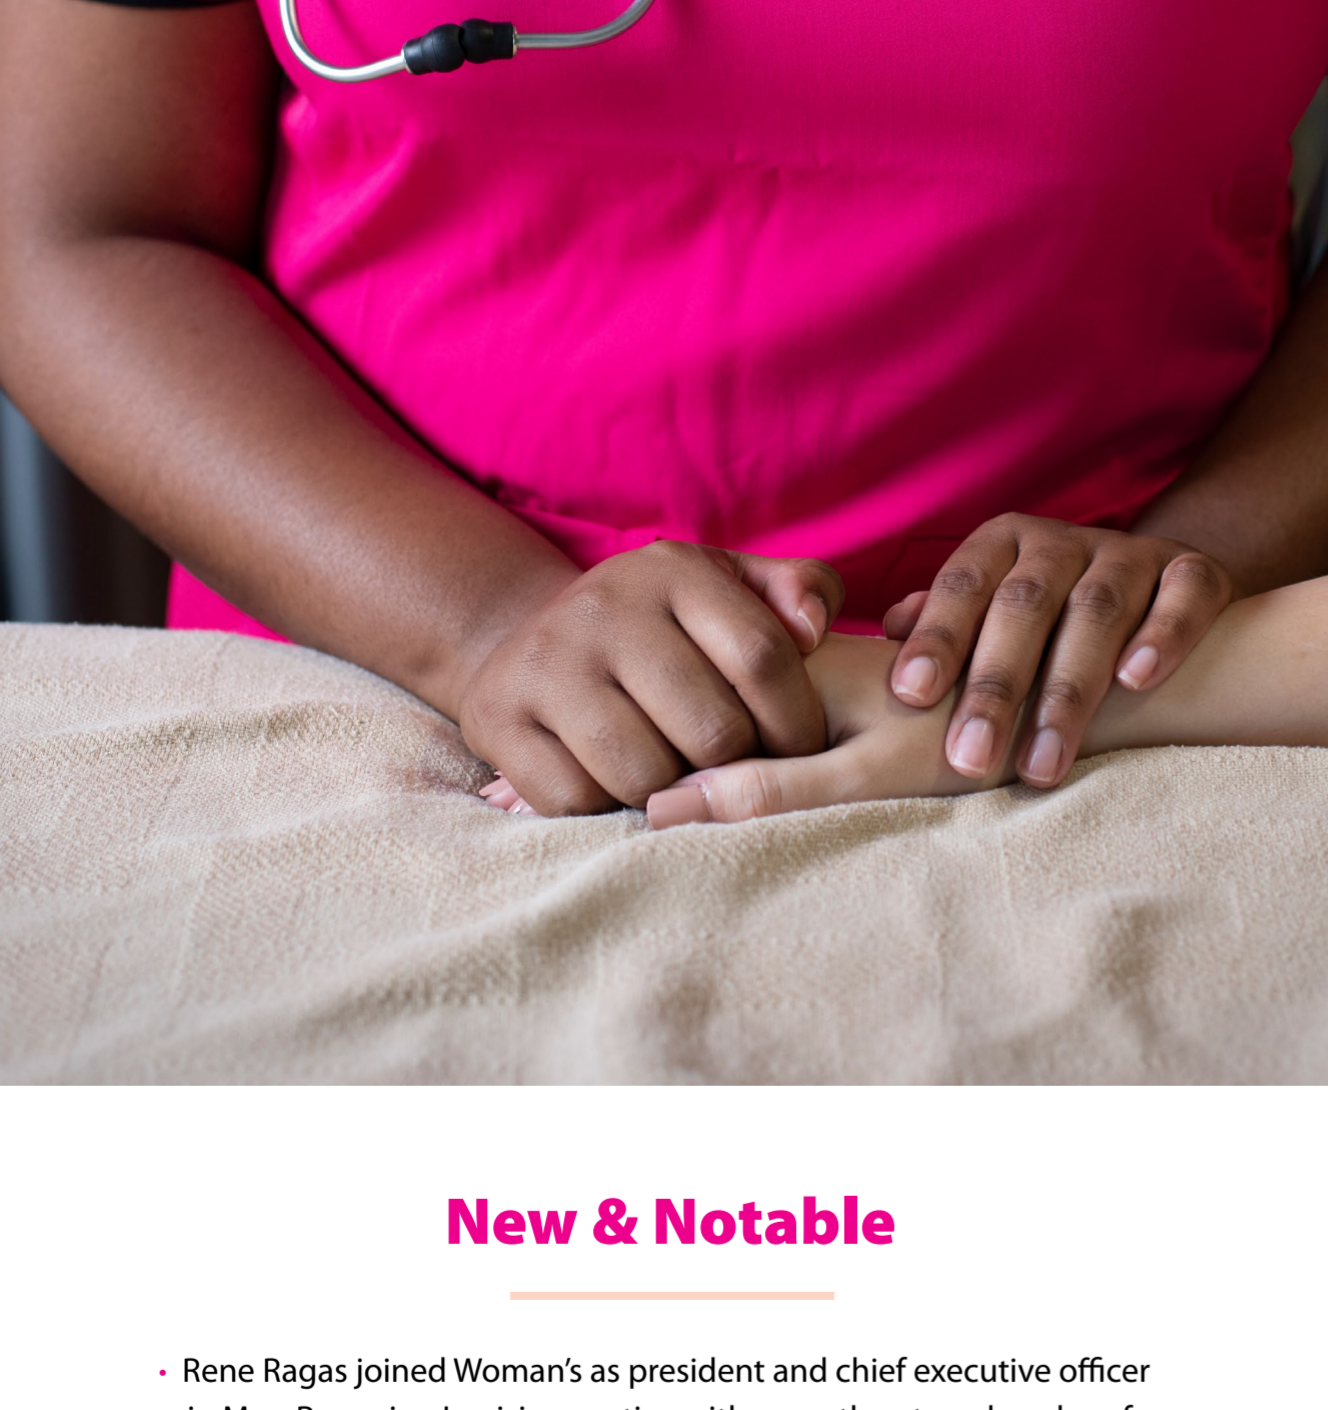

Gifts from individuals, organizations and private foundations changed the lives of women and infants in Fiscal Year 2022. Donors to the Foundation for Woman's support care for the underserved, the uninsured and those requiring the highest level of care. Established in 2014, Foundation for Woman's has raised nearly \$20 million in support of improving the health of women and infants.

Donor Impact

Each year, Woman's Hospital strives to improve healthcare for the Baton Rouge community through research, technological advances and an unwavering commitment to excellence. In Fiscal Year 2022, Woman's embraced positive change and introduced new programs and resources for both patients and employees.

In Fiscal Year 2022, Woman's continued to be recognized as one of the leading healthcare organizations both in the state and across the country, receiving numerous awards and national acclaim for its research and services.

New & Notable

- Rene Ragas joined Woman's as president and chief executive officer in May. Ragas is a Louisiana native with more than two decades of experience as a healthcare executive in the Baton Rouge area and surrounding regions.
- Woman's Board of Directors voted to hire a Chief Diversity Officer as part of an organizational commitment to increase diversity and amplify equity and inclusion on campus and in our community. Learning opportunities on topics of diversity, equity and inclusion were made available to all employees and inclusion training was incorporated into new employee orientation.
- The Guiding Recovery and Creating Empowerment (GRACE) Program, previously only open to pregnant women suffering from opioid misuse, expanded to women who need help with alcohol or tobacco addictions during pregnancy.
- Woman's Connect launched in February, a free app for employees to engage with colleagues and stay updated on the latest news.
- The Breast & GYN Cancer Pavilion rebranded as the Woman's Cancer Pavilion in partnership with Mary Bird Perkins Cancer Center and Our Lady of the Lake Cancer Institute.

Awards & Recognition

- Named World's Best Hospitals by Newsweek in 2021 for oncology care and in 2022 for gynecology and maternity care.
- Designated as a Birth Ready+ facility by the Louisiana Dept. of Health, one of only eight facilities in the state to earn this recognition.
- Received Guardian of Excellence Award by Press Ganey for being in the top 5% in the country for patient experience.
- Recognized as a Gift Shining Star hospital by the Louisiana Dept. of Health - Office of Public Health - Bureau of Family Health for achieving rigorous standards of performance, improving the quality of maternity services and enhancing patient-centered care.
- Voted Best Place to Work in Healthcare by Modern Healthcare for the 15th consecutive year, the only healthcare organization to earn the distinction every year since the program's inception.

Innovation & Accreditation

- Woman's expanded its use of Medtronic's Situate scanning devices to all Labor & Delivery rooms — the first in the area to utilize this safety measure for all patients.
- Interventional Radiology added a radial artery entry site, which provides a less invasive procedure for patients, allowing catheters to be inserted through the wrist instead of the groin.
- Granted full accreditation for all services surveyed by The Joint Commission, demonstrating a commitment to continuous improvement in patient care.
- Fully accredited by the Accreditation of Human Research Protection Programs for the dedication to improving the health of patients and the community through research.
- Awarded Bariatric Center of Excellence accreditation from the Clinical Sciences Institute of Optum.
- Maintained Magnet accreditation for nursing excellence by the American Nurses Credentialing Center since 2006.
